

BALFOUR REACHES LONDON.

Notorious Swindler Brought Back to America for His Crimes.

LONDON, May 6.—Extraordinary scenes were witnessed and precautions taken upon the arrival at Southampton last night on board the steamer Tarrar Prince from Buenos Ayres of James Spencer Balfour, the ex-member of parliament, whose extradition from the Argentine republic was obtained after great delay. Charges of fraud in connection with the collapse of the Liberator society and other concerns in connection with it. The steamer was met off Calshot castle by a police tug upon which Balfour was taken ashore, surrounded by a crowd of detectives and policemen in uniform. The most elaborate precautions were taken in order to prevent the public from discovering where the prisoner was to be landed, as it was feared that an attempt might be made on his life. The police and Balfour finally reached the railroad station at Southampton, where the latter was smuggled into a first class railroad carriage, the shades of which were drawn down.

At Waterloo railroad station an enormous crowd of people was in waiting, attracted by the news of the arrival at Southampton of the Tarrar Prince, and in expectation of seeing the prisoner landed at that depot on the train from Southampton. But Balfour and his escort were landed at Vauxhall railroad station and were driven to the Bow Street police court. The proceedings at Bow Street were of the character usual upon such occasions; the prisoner was formally charged, the papers in the case were examined and he was remanded until May 9.

Minneapolis Murder Mystery.—Early this morning two young men found in the gutter the dead body of H. W. Thomas, superintendent of the "Soo" telegraph. There was a bullet hole in his head. Thomas last night called on Mrs. F. L. Williams, a divorcee, at the home of her father, R. L. Berglund. He left and soon after a shot was heard. The murdered man's valuables were found on his person, thus precluding the idea of robbery. Mrs. Williams is a young woman who ran away to Hudson, Wis., to marry Williams. He turned out a worthless chap and Mrs. Williams obtained a divorce. Williams was arrested and confessed to the murder.

Cloudburst in Kansas.—Herington, May 6.—Herington was visited by a cloudburst last night. The town and surrounding country was flooded. Lino creek, which has been dry for a year, was converted into a raging torrent, and houses, horses, cattle and hogs were swept down stream. John Williams' house was carried away and the family narrowly escaped drowning. The house of Samuel McManus was also carried away and wrecked by striking a bridge. McManus escaped, but Mrs. McManus was drowned. Her body was found lodged in a tree in the park south of town this morning.

Lumber and Banking Firm Assigns.—MINNEAPOLIS, May 6.—The lumber and banking firm of N. P. Clarke & Co. of St. Cloud and Minneapolis filed an assignment in the district court at St. Cloud to Lucas Kells, a Sank Center banker. The assignment has been contemplated for a long time, and during the past two months N. P. Clarke has been busy securing the depositors in his bank and all personal creditors. He is reported to have said that they should not suffer on account of any mismanagement by the junior partner.

Robbed and Left Dying.—PITTSBURG, May 6.—Isaac Jones, night clerk at the First Avenue Hotel & Co. of St. Cloud and Minneapolis, was robbed and left dying on the floor. He had been beaten on the head with an iron bar, and though still alive when found, he died soon after. He carried the money of the hotel in his pockets, and this was no doubt the object of the crime, as he was robbed and left dying on the floor.

Razor Ended Both Their Lives.—NEW YORK, May 6.—James Herbert, a clerk in a wholesale shoe and leather house, killed his wife by cutting her throat with a razor early today. Then he fled from the house and no trace was found of him until two hours later, when his body was hauled out of East river with the throat cut. Jealousy was the cause of the double tragedy.

CHEFOO, May 6.—The warships of several of the powers are fast assembling here. The situation is regarded as ominous. Already eight Russian warships, including three torpedo boats, have gathered here and more are expected.

CHINA HAS RATIFIED.—An official cable to a different quarter gives definitive information that the emperor of China has ratified the treaty. The information is so positive as to be beyond question. It clears up many contradictory statements from unofficial sources as to whether the emperor had or had not ratified. A press dispatch from Yokohama today says that China's ratification is still in doubt.

THOUGHTFUL, May 6.—Fighting has begun in Granada, Nicaragua. Disorder is reported from Leon also. Word comes from there that the followers of Ortiz, Cereola and Machorro have united to make war on Zelaya. The Honduran troops concentrated at Cape Gracias will remain there, as it is feared that the threatened rebellion may extend here. The troops at Amalpa will be distributed along the coast. General Bonilla will take 6,000 troops and go to President Zelaya's aid if requested. The evacuation of Corinto and the sailing of the British ships is announced.

Worse Than Their Conduct in 1874.—LONDON, May 6.—Mr. Gladstone, in a letter to Francis Seymour Stevenson, chairman of the Anglo-Armenian association, says that the conduct of the Sultan at the Turkish government in the Armenian question has been worse than their conduct regarding Bulgaria in 1876.

Cattle Inspection Trouble Ended.—CHICAGO, May 6.—Recoiter Trumbull, of the Gulf system, was in consultation today with United States Judge J. A. Riner and the Wyoming state officials on the disputed question of inspection of southern cattle at this point. As a result the difficulty is in a fair way toward being amicably adjusted.

Peculiar Case of Petrification.—MONTEREY, Cal., May 6.—The death in this city of William Tibbets ended a case which is scarcely without a parallel in medical history. The deceased was a sufferer from dropsy, but the peculiarity is that he was in a state of partial petrification. His body was as rigid as a stone, the pricking of a needle made no indentation in the flesh, and all powers of sensation had disappeared.

New Record For Team Shooting.—SAN FRANCISCO, May 6.—Company B, First regiment N. G. C., stationed in San Francisco, smashed a world's record for team shooting in competition at Shell Mound rifle range yesterday, scoring 1,951 points out of a possible 2,500, distance 300 yards. MONETARY CONFERENCE.

Senator Jones Believes That One Will Be Held During the Present Year.

WASHINGTON, May 6.—Senator Jones of Arkansas is among those who believe that an international monetary conference will be held during the present year to consider the relationship of silver to gold as a money metal. He is one of the members on the part of the senate who will attend the conference in case one is called, and has naturally kept track of all that has been done in the matter. He said in discussing the probabilities that while Germany had not, to his knowledge, issued an executive call for a conference, the action of the reichstag had been accepted as official by the governments of the United States, France and Great Britain, and added that he did not believe the executive authorities of the German empire would allow these countries to conclude that she had been trifling merely. Hence, he believed that the invitation would come in due form, if it had not already been sent out. Asked as to the time when he thought the conference would be called for, he said it would probably be late in the season, not earlier than October, and possibly as late as November. He said that both sides of the controversy were apparently anxious for delay, and this being the case he believed they would be grateful if the English bi-metallicists claim to be making substantial headway and are asking for all the time that can be given before the meeting of the conference.

IN THE FIELD OF LABOR.

Sympathy Is With the Miners.

POCAHONTAS, Va., May 6.—There are no miners working today in the mines here, and while Monday is regarded as an off day it is believed the union men have won the miners here and that the strikers have the field. The majority of them are of a dingy white color, perhaps spotted with black, and when a white coated one, scantily covered with hair, he comes before you, he looks like a pig, and very light eyelashes, protruding beneath his drooping ears, he is as ugly a living object as can be imagined. The little pigs are moderately pretty when young, but not in the least like the plump, little, chubby faced baby Berkshire, and long before they have arrived at the age when they are called "shots" they have become ungainly and common looking. The negroes have great faith in the ability of the hog to survive any amount of neglect and still live to provide sausages and pork stew for the winter season. At certain seasons, when the "shots" can do no damage to the maturing crops, it is necessary to confine them until the fields are sown, and then to admit of their ranging at will.

In the course of a walk once, a small negro boy and girl were found seated on top of the fence which surrounded a pen, flinging corn to two hogs within the inclosure. The grade feeding trough was as dry as a stick, and no liquid had been poured into it, and this on a hot morning, may explain why the little hogs were so fat. The boy and girl were seen to pick up the corn from the trough, and then to throw it to the hogs. The boy and girl were seen to pick up the corn from the trough, and then to throw it to the hogs.

BITTER FEELING AGAIN BURNS.—LONDON, May 6.—John Burns, member of parliament and labor leader, in the course of his speech at the Labor day demonstration in Hyde park, was greeted with groans and cries of "Why don't you support Keir Hardie?" "Traitor," etc. Burns said: "I am not a supporter of Keir Hardie, but I am a supporter of the labor movement. If you don't want to hear me I will go home." This was followed by cries of "go home," "you are no workman."

ST. LOUIS STRIKE.—ST. LOUIS, May 6.—There is no change in the condition of the hod carriers' strike. The strikers are determined to hold out, and have "pickets" appointed to travel all sections of the city keeping union men away from their old job. A meeting of the boss bricklayers was held today.

FAILED TO AGREE WITH OPERATORS.—COLUMBUS, May 6.—The Ohio miners' officials today issued a circular to their constituency to the effect that it was impossible to agree with the operators; that no work be done in or around mines except pumping and bailing water.

Laid Down Their Tools.—BELLINGHAM, B. C., May 6.—The miners who were on the 60-day basis and those on the co-operative plan were notified to lay down their tools and go out. Seven thousand five hundred are idle.

WHEAT LOST TWO CENTS.—CHICAGO, May 6.—Wheat started weak today on the cables and the rail. Large north-western receipts and the prospects that the visible decrease would not be as large as predicted were also bear factors. At the close there was liberal buying, causing a moderate reaction.

Corn was steady on good cash demand. Provisions were steady on the steady prices for live hogs.
